Sir,

Again, thank you for your contribution to our project here at Pacific Station. I will speak to our Community Relations Unit here at Pacific and verify to whom the check needs to be made out to. I believe we can also provide you with a "tax letter" with a tax ID number describing your contribution. I will gather some information and get back to you. Thanks again! DB

The Westchester Town Center BID Board of Directors approved my recommendation to contribute \$600 to the LAPD officer storage project. I really do need something to put in the file. Can you send me a short email acknowledging the contribution, giving me an address to mail the check to, and agreeing to a WTC BID plaque on the finished project? I'll get the plaque made with a small logo. I'll get your approval before having that done. Maybe we should copy Capt Peters too. Thanks Dave. Sorry this has taken so long.
